

WEB SITE DESIGN AND DELIVERY DOCUMENT

The Web Site Project and Delivery Agreement is made effective this day between **Motionsmith Digital Media** hereon referred to for the purpose of this Agreement as the “**Developer**” and **MPS Consults**, represented by **Miss Eniola Bello** hereon referred to for the purpose of this Agreement as the ‘**Customer**’.

This document is with respect to the development of a job recruitment site i.e. www.mpsconsults.com

It is hereby agreed that;

- Developer would provide support for the just concluded project for a duration of 3 weeks, after any further support would require a support fee (billed per hour).
- Customer should be reminded that a balance of N25, 000 would be paid after the support duration of 3 weeks.
- If there is need to work on any extra feature that was not included in the initial scope of work, the client would be charged.
- It is agreed by Customer, that Developer has been able to meet up with Customer’s requirement as stated in documents exchanged during the course of the project.
- During the course of development, it should be noted that developer had to resolve several challenges with Host service provider i.e. www.godaddy.com, as this hampered with the development process & implementation of certain features of the project. These issues were brought to the notice of Customer. If for certain reasons that a few features do not respond as expected, developer would not be held responsible for this mishap. Developer therefore advises Customer that in case any of such challenges which might be. Customer should not hesitate to contact the domain provider (www.godaddy.com), as developer would not be held responsible for such challenges.
- Developer has ensured that every feature of the project has been cross checked and tested appropriately.
- The final Web Site (Source scripts files and Databases fully ready and operational upon placement and creation of necessary connections for availability on the World Wide Web) have been packaged in a DVD data disc as well as published by the developers to the World Wide

Web. All links have been tested and confirmed to be accurate prior to delivery of the final Web Site to the customer.

- Also included by developer are the Log in information used to access several accounts which was needful in configuring, and also developing the project.

Responsibility of Customer to Developers Publicity

a. Listing in Roster of Developer Customers

Following completion of the Web Site and final acceptance by the Customer, Developer shall be permitted to list the Customer and the Customer's Web Site on Developer's Web Site and in any of its marketing and advertising as having been developed by the Developer. The material included on Developer's Web Site shall include a hypertext link to the Customer's Web Site. Customer shall have full discretion as to the form and content of such acknowledgement and the appearance of any link.

b. Developer Credit on Web Site

Following completion of the Web Site and final acceptance by the Customer, Customer shall include a credit to the Developer on the home page of the Web Site. The credit to the Developer shall be designed and placed at the home page by the Developer but shall be in form and substance that is reasonably acceptable to the Customer. The credit shall also include a hypertext link to the Developer's Web Site.

IN WITNESS WHEREOF, the parties hereto have duly agreed that the project has been a success and executed to precision of Clients demands. This Delivery Agreement is valid as of the day and year first above written and represents that the party executing this Agreement on their behalf is duly authorized.
